Palos Man Congressional Candidate

F. H. MONROE ENDORSED BY COOK COUNTY DEMOCRATIC ORGANIZATION

At the regular monthly meeting of the Country Towns Democratic Organization, Frederick H. Monroe, of Palos Park, was endorsed as a candidate for Congress in the Third District.

Frederick H. Monroe

Mr. Monroe pledges himself to do his utmost to "Remove Barriers from Business, and burdens from Labor". To hasten this end he would favour the repeal of the Fordney-McCumber Bill. This is an act that yields the Government from Import duties, about Five Hundred Million Dollars (\$500,000,000) a year, at a burden to the consumer, of practically Four Billion Dollars (\$4,000,000,000) a year. In other words, the Government expends Sixteen Dollars (\$16) in added prices to every One Dollar (\$1) collected in Revenue. As a Revenue producer, the Fordney-McCumber Bill, is the most uneconomical, unscientific, and unsatisfactory of all the Tariff measures that have ever been written in the statute books of the United States. As a protection to American labor, it is a sham, a fraud, and a swindle. Our workman are the largest producers, per man power in the world, and therefore the cheapest. The high wages of our workman result from efficient labor organizations, and not by throwing barriers in the way of trade through Protective Tariff. The Tariff on many of the products included in the Fordney-McCumber Bill, is from Two (2) to Five (5) times the labor cost entering into that particular item. The voters of the United States could very easily afford to provide the bonus for our soldiers, from the savings out of the repeal of the Fordney-McCumber Bill. At any rate the soldier boys deserve the bonus, and he would support it.

The Ford Cummings Transportation Act, should be repealed. Mr. Monroe thinks the Government must relieve the transportation situation, by further developing the Government owned Merchant Marine, a long line proposed by Senator Fletcher, of Florida.

The Great Lakes and St. Lawrence Waterway project, should be pushed forward, as rapidly as possible, by our Government cooperating with the Canadian Government. This great canal would cost about Three Hundred Million Dollars (\$300,000,000) and would make Chicago a seaport.

The great impediment to friendly intercourse between the Nations of the World, leading to misunderstanding, and eventually wars, is the Protective Tariff. When this is corrected, we will have accomplished the first great step towards Universal peace.

The League of Nations, which is not a superstate, but a mere International Conference, has provided machinery, by which Fifty-six (56) Nations of the World, come together, discuss their grievances, and submit plans for mutual benefit. Germany and Russia are not permitted to talk over matters at this Geneva gathering, nor to enter the League and the United States has so far refused to do so. Mr. Monroe is in favor of the United States accepting the vacant chair that is waiting for her in the Council Halls of that Geneva body, since the

GOV. SMALL WILL SPEAK AT MASONIC TEMPLE AT JOLIET, TUES. FEB. 5.

Governor Len. Small will visit Joliet on Tuesday, February 5 and deliver for the first time in this community his "good roads" address which is attracting so much attention up and down the state. The meeting will be held in the Masonic Temple at 7:30 p. m. Arrangements are being made for the reception of the Governor and his party. Some of the officials of the Division of Highways will accompany the Chief Executive.

The Governor's address will be devoted in the main to a discussion of the proposed \$100,000,000 road bond issue which he is supporting and which was submitted to the people largely through his efforts in the General Assembly.

Some of the topics which Governor Small will touch upon are listed below:

"The fight to bring road prices down."

"How millions were saved in the state road building."

"A detailed discussion of the proposed \$100,000,000 road bond issue."

"The Illinois plan of building roads from auto fees."

"Proof of the adequacy of the auto license fees to build the state system of roads without direct taxation."

"Illinois and the greatest highway system in the world."

"The demand for a fair and reasonable rate to the farmer upon his investment."

"The defeat of the tax reform bill by the interests."

"The plot to halt constructive legislation by the persecution of the Governor."

Sheriff John Walker is in charge of the arrangements for the Governor's reception.

League has appointed a special committee to go deeply into the subject of Tariffs etc.

Mr. Monroe favours the extension of Civil Service, to include all employees of the United States, and the introduction of the most efficient modern and economic methods, in management of the different Departments of the Federal Government

Mr. Monroe opposes the Mellon Plan for a Constitutional amendment, which will enable the Federal Government to tax State and Municipal Bonds now exempt. Such an act, by increasing the interest rates that States and Cities now pay, would greatly impede the extension of the Good Roads movement, now sweeping over the country, and also be a great handicap to the development of various Municipal enterprises. Mr. Monroe is opposed to the States yielding this source of revenue over to the Federal Government. The object of Taxation, is not to hit the "Big Fellow" nor penalize the successful business man, but to provide revenue for operating the various Departments of the Government.

Mr. Monroe would favor exemption of Tax on incomes up to Five Thousand Dollars (\$5,000), with a sufficient increase of tax on the higher brackets, to raise the same amount we do at present, plus the One Hundred Million Dollars (\$100,000,000) now provided by the Surtax. The Surtax only increasing the machinery of Taxation, causes additional confusion.

Probably the best Tax measure so far suggested, is known as the Keller Bill, introduced by Congressman Keller, of St. Paul, Minn., which provides for a tax of One Per Cent (1) on land holdings, in excess of Ten Thousand Dollars, (\$10,000). It is estimated that this proposed bill, would yield the government One Billion Dollars (\$1,000,000,000) a year.

In regard to the Eighteenth Amendment, Mr. Monroe says that Democracy can only exist, when the will of the majority, expressed through the usual channels of law, is recognized and obeyed. Otherwise the country falls back to government by revolution, of which Mexico is the most obvious example.

ORLAND METHODIST CHURCH

NOTES

Chas. L. Ruhlén, Pastor

Dr. E. G. Schultz, the new Superintendent of the Chicago Southern district of the Rock River Conference was with us on Sunday afternoon Jan. 20th and preached to a good sized audience after which he convened the Local Church Conference and attended to the business of the church. His sermon was very greatly enjoyed by all. In the business meeting he spoke briefly on the "World Service Program" and the Chicago Rock-River program of our The Centenary of the M. E. Church was the first great forward movement of the Protestant churches in which the world needs were faced and fearlessly attacked. Over \$100,000,000 were subscribed for the missionary and benevolent enterprises of the church, more than two thirds of this amount has already been paid. With this vast amount of money the M. E. church has met the problem of world evangelism and reconstruction in a mighty way. And she is now engaged in one of the greatest enterprises for Kingdom building that has been known since the Protestant Reformation. It is a real privilege to live and have a part in world reconstruction in a day like this.

We will have the regular services of the church next Sunday Feb. 3. Sunday school at 9:30 o'clock. and morning worship at 10:30 o'clock. Evening service at 7:30 o'clock. All are cordially invited.

On Friday evening, Feb. 8th we will hold an All Church Social and box-supper for the benefit of the choir. We are asking every woman and girl to bring a well filled box or basket supper and the men will buy the same. The money received from this sale will go to pay for the music and toward the salary of the choir director. Please let every one co-operate in this and it will be a success not only financially, but socially as well. The boxes will be sold and supper eaten at 7 p. m. Hence no one will need to eat supper at home. After supper an evening of fun will be had for all. Do not miss it.

Worth Church To Promote Community Fellowship

On Friday evening, Feb. 8, the first of a series of monthly "Church Nights" is to be held. The purpose of these occasions is to bring the people of the community together in closer fellowship. The people are asked to assemble at 6:30, each family bringing its own picnic luncheon. As a special feature of our first Church Night, Mr. Tong Won Ahn, a Korean student at Garrett Biblical Institute and Northwestern University, will present a lecture on "Korean Life and Customs", illustrated by stereopticon slides, and will tell the story of his life. Mr. Ahn was held as a prisoner by the Japanese for six months, during the persecutions in 1914. An interesting program is assured and everyone is cordially invited to be present.

On the evening of January 27, Mr. Henry Zimmermann, negro tenor and composer, preached at the church on "Race Prejudice, the Devil of the Devil," and favored us with a program of negro hymns and spirituals. A large audience was present and greatly enjoyed the splendid program offered.

Next Sunday morning the pastor will preach upon the subject "What Shall We Think of Christ?" This will be the third of his series of sermons on "Christian Fundamentals." Sunday School will be held at the usual hour, ten o'clock.

A very successful young people's social was held at the church on the evening of January 25th. About 40 were out despite the extremely cold weather and a fine program of games, music and refreshments was enjoyed by all. Mr. Perry Bishop entertained with some humorous readings. A re-organization of the young people's club is being planned, and a committee has been appointed for that purpose.

FRANKFORT PLANS NEW \$45,000 SCHOOL IF BOND ISSUE VOTE CARRIES

The long fight for a new school for Frankfort is about to be realized as a result of a community mass meeting held at the Frankfort school on Monday night.

A new school modern in all respects with an assembly hall and a gymnasium, will be erected this year to replace the present school building, if the voters of the district approve a bond issue to be placed before them soon at a special election to be called by the school board.

This action was decided on Monday night at the community meeting called by the school board to get the opinion of the taxpayers as to what should be done to correct conditions now existing in the village.

The present school has been condemned by the state as unsafe and unsanitary. The village school board was desirous of correcting these conditions as soon as possible but before embarking upon any given course it was decided to hold a public meeting to discover how the sentiment lay in the community.

Would Cost \$45,000

More than a hundred citizens attended the conference Monday night and according to the members of the board, over 90 per cent of those present were in favor of floating a bond issue sufficient to defray the cost of erecting a two story, modern school building, with assembly hall and gymnasium. It was estimated that this type building could be built for approximately \$45,000.

The building now in use was built sometime in the late '60's or early '70's, and is wholly inadequate to present needs. Constructed of wood and heavily coated with paint the structure would burn like kindling once a blaze started, state investigators claim, and with the narrow stairs and hall it would be difficult for the pupils on the second floor to escape in case of fire. The plumbing and heating systems were declared obsolete.

Want New School

For these reasons the people of Frankfort want a new school, it was stated Monday night, and it is expected that a bond issue for this purpose will receive almost unanimous support by the electors of the district.

The school board will meet soon, to fix a date for the bond election.

After the election, if the proposed issue carries, the board will ask for building plans. Board members said that it might be possible the contract for the proposed new building could be let by April first.

MAYOR WYMAN OF TINLEY HAS NEW ASSISTANT

H. W. Wyman, the mayor of Tinley Park is now grandpa. A big bouncing assistant mayor has arrived at the home of Mr. and Mrs. Norman Wyman, the arrival coming on Sunday night. Mrs. Wyman is well known as formerly Emily Funk.

The C. C.'s of Tinley Park had a sleighing party Tuesday. After riding around they wound up at Stricker's for refreshments and all had a delightful time and anxious for another.

At the Royal Neighbor installation last Wednesday evening the following officers were installed: Oracle, Mrs. P. Frieberg. Vice-Oracle, Mrs. F. Hopman. Past Oracle, Mrs. C. Mayhank. Recorder, Mrs. Klepper. Receiver, Mrs. Wannemacher. Chancellor, Mrs. Rowden. Marshalls, Mrs. Nielsen and A. Funk. Outside Sentinel, Mrs. Miller. Inner Sentinel, Mrs. C. Goesel. Installing Marshall, Mrs. Gotham. Ceremonial Marshall, Mrs. J. Andres.

After the installation refreshment were served and enjoyed by all.

After refreshments were served, the guests went home after voting all had a good time.

Mrs. August Mesenbrink with her daughter Esther spent Friday in Blue Island.

"THE TEN COMMANDMENTS" OPENS IN CHICAGO MONDAY EVENING, FEB. 11

Famous Players-Lasky Corporation, makers of Paramount Pictures, have taken the Woods Theatre, Randolph and Dearborn Streets, Chicago, beginning the second week in February for a special run of Cecil B. De Mille's newest production "The Ten Commandments", from the story by Jeanie Macpherson.

The house will be closed February 10 to permit the installation of the great Aegypto-Biblical scenic set, and will re-open Monday evening, February 11 with Mr. De Mille's picture. An orchestra of 40 pieces will start their rehearsals of Dr. Hugo Riesenfeld's accompanying music, a week before the opening.

This will be the premier and only presentation of the De Mille chef d'oeuvre in Chicago before the fall season of 1925. This season's showings have been restricted to Hollywood, Chicago, New York and London—possibly two other "key" cities.

"The Ten Commandments" a month ago succeeded "The Covered Wagon" at Grauman's Egyptian, Hollywood, and in New York it is still running simultaneously and only a block away from the still enduring run of the Emerson Hough epic which now is in its forty-fifth week there and has surpassed the hitherto unbroken record of "The Birth of a Nation."

Both "The Ten Commandments" and "The Covered Wagon" are the work of Lasky Studio craftsmen. In each case most of the scenes were done far afield. For "The Ten Commandments" an Egypt and a Sinai were reconstructed in the deserts of Central California whilst the modern scenes were largely filmed in San Francisco. Cecil B. De Mille spent ten months and the labor of more than 5,000 people in the work which dramatizes Israel's supreme epic and the giving of the law, preparatory to a story of the Commandments in the life of today.

Marley Church to Conduct Pioneer Social Feb. 8.

A Pioneer Social will be held at the Marley church, Friday evening February 8th, under the auspices of the January Committee of the Woman's Missionary Society. Everyone is requested to come dressed in pioneer cloths or aprons and overalls. Also to bring a pencil.

A fine of ten cents will be collected of those not so attired.

A patriotic program honoring

MOKENA M. E. TO GIVE PROGRAM ON FEB. 9.

In making your dates for February reserve the evening of the 9th for the entertainment to be held at the Mokena M. E. church. A very good program has been worked out and will provide an interesting as well as profitable evening's entertainment. Among the many features offered are readings by Rev. T. K. Gale of Evanston, the district superintendent and songs by Miss Edith Mays of Chicago, both of whom are well known to Mokena audiences and need no further introduction. A feature in the musical line will be a trio composed of a flute, violin and piano. The purpose of this entertainment is to raise money for the piano fund for purchasing a new piano for church. Everyone is invited.

ORLAND MAIDS TAKE

ADVANTAGE OF LEAP YEAR

The Entrenous Club of eleven young ladies of Orland, gave a delightful leap year party last Saturday evening at the home of Miss Esther Gee. Eleven young men of Orland were agreeably shocked by having the girls call for them in their cars and presenting them with a pound box of candy and pinning an American beauty on their coats. It is claimed that some of the boys are still walking around in a daze thinking it was all a delightful dream. A joyous and happy evening was spent and at midnight the ladies led their "victims" to a table decorated with cupid and hearts. In short, it was a very pleasant evening long to be remembered by the favored few.

TINLEY PARK CHURCH PLANS NEW PARSONAGE

For some time the board of trustees of the Zion Lutheran church has been considering the matter of remodeling the parsonage, but after getting figures on the cost of such remodeling work it was found that it would be too expensive and the church board decided at a meeting held on Jan. 27 that it would be more advisable to build a new parsonage and sell the old one. But before any action is taken in this matter, members of the committee appointed to handle this matter, will call on the members of the congregation to see how much money can be raised for this purpose.

Lincoln's birthday will be given in the church auditorium followed by games, contests and sports in the parlors of the church.

Abraham Lincoln

THIS IS THE MONTH OF FEBRUARY AND ONCE AGAIN WE AMERICANS HONOR THE GREAT LINCOLN WHOSE TRIALS AND TRIBULATIONS IN THE DAYS WHEN THIS NATION'S FATE HUNG IN THE BALANCE WERE OF SUCH MOMENTOUS PROPORTIONS AS WOULD HAVE "BROKEN" MANY ANOTHER MAN YET, LINCOLN'S CONSTANT CHEERFULNESS AND HIS UTMOST CONFIDENCE IN THE FUTURE CARRIED HIS AIMS TO A SUCCESSFUL CONCLUSION.

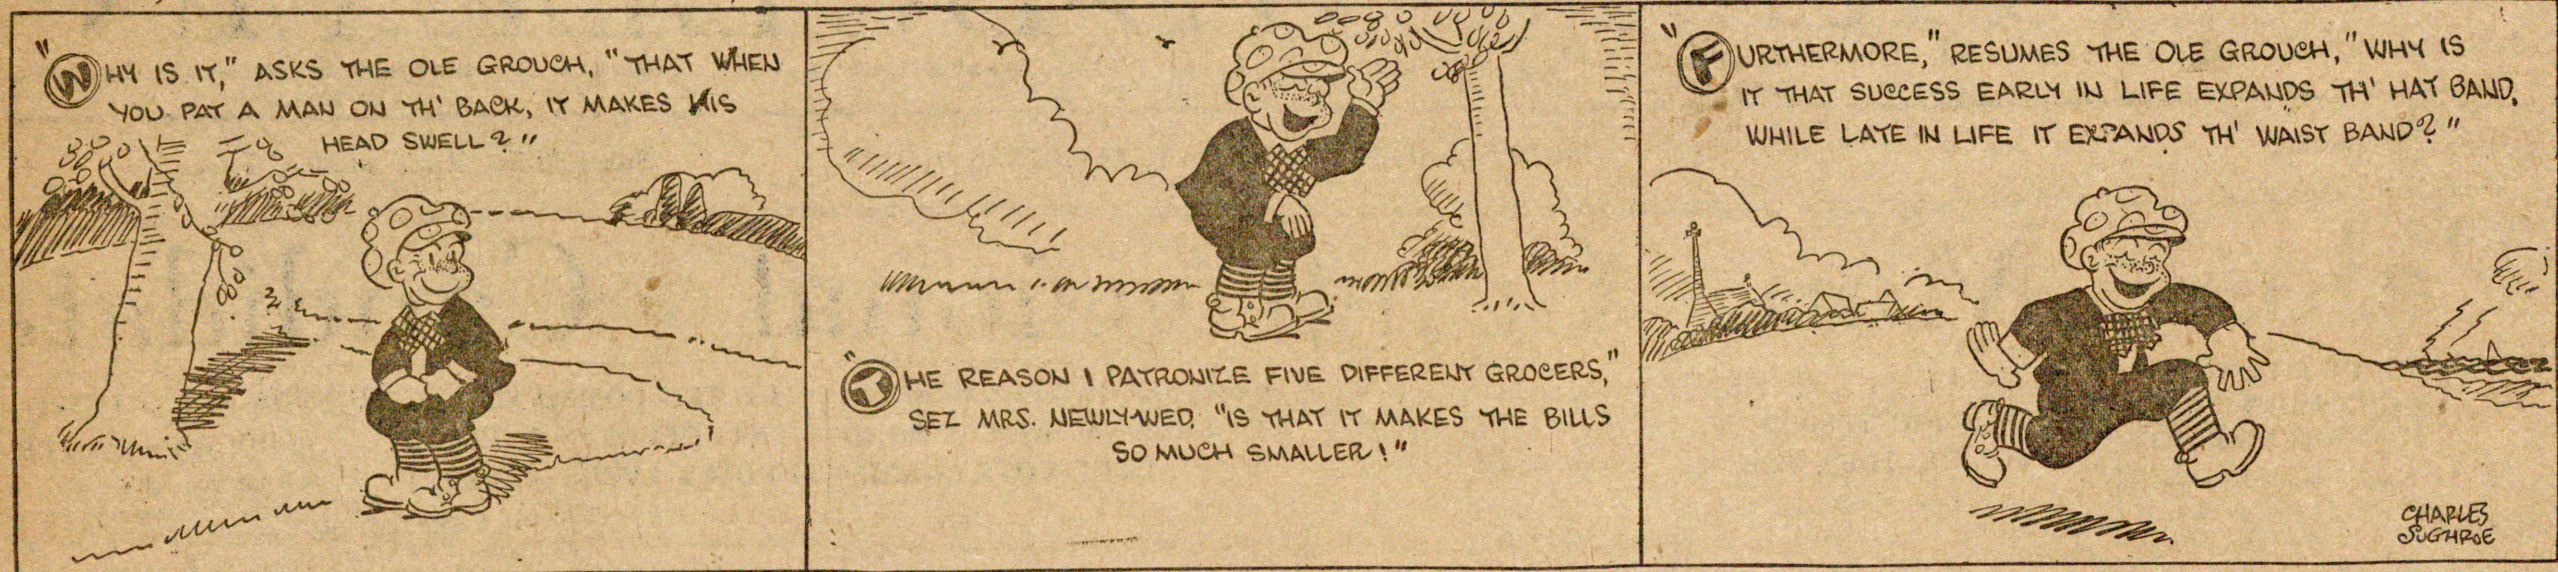

Let's all try to emulate his virtues. Let us move about in our daily tasks with a Cheerfulness that bespeaks our confidence in the future. and in the end—we can't help but Succeed.

Hot Box Causes \$20,000 Fire on Owen Farm

FARM ON LINCOLN HIGHWAY
SCENE OF BLAZE: FRANKFORT
DEPT. GIVES VALUABLE AID

The farm of Willard Owen on the Lincoln Highway, 2 1-2 miles southwest of Mokena was the scene of a serious fire Friday noon. It was about 11:30 o'clock when some passing tourists saw smoke coming from the large barn standing near the highway. They stopped and told Mr. Owen who had just returned from Joliet where he had been attending the Farmers' Institute. At this time Edward Vollrath of Frankfort came down the highway with the Frankfort Grain Company truck and he too saw the fire. He went to the Clarence Cleveland farm and called up the Frankfort fire department who responded with their new chemical truck, making the run in eight minutes. Thru the efforts of these fire fighters the corn crib, ice house and granary were saved.

A large barn and two silos with their contents fell prey to the flames, entailing a loss of about \$20,000 partly covered by insurance. It is said the fire was caused by a hot box on a gasoline engine which had been used to pump water. This was also the first fire that the newly organized Frankfort fire department and their new chemical truck were called upon to fight.

Just a Word Why Churches Should Advertise

The writer was in Syracuse, N. Y., one Sunday last August. He was detained because of an accident to his car. He wanted to go to church that night, but he didn't know where to go. He picked up the Syracuse Sunday paper and looked through it from the front page to the back, but there wasn't a word about the church or the church services. As far as the papers were concerned that city might have been churchless.

But it wasn't so with the movies and other houses of entertainment. Oh, no! Their invitations were spread in large advertisements all over the page. There were a dozen or so invitations to go out on Sunday night for amusement, but not one to go to the House of God.

Possibly the church notices appeared in the Saturday issue. They generally do, but this was Sunday and the Sunday paper was the one available. The amusement places do not overlook the Sunday papers.

There may have been many more in the city with the same thoughts and desire as the writer. He happened to remember that sometimes the churches have bulletins in the hotel corridors, so he took the trouble to go downstairs. Being a Methodist, he looked for the Methodist churches. There were two on the board, so he picked out one and took a chance.

We suppose that some will say that a man or woman who wants to go to church will find a way. That's true, but why permit the theatres to have the monopoly? Isn't the church a business? If it isn't, it's time it was. Think it over.

Most Difficult Things in Life.

A Danish paper recently asked the readers to state what is the hardest thing in the world to do. It received many more replies than it had anticipated, some of which are as follows: To be a toe dancer if you weigh 200 pounds, to get back borrowed books, to trim one's nails while wearing boxing gloves. Some of the readers took the question seriously and answered it seriously. One replied that to live without telling a lie was the most difficult of all.

Good Printing

THE kind of printing that pays dividends is the kind you should have. Pale, muddy, poorly arranged printed matter is worse than none. The quality of your business is often judged by the quality of your stationery—inferior printing gives an impression of cheapness that is hard to overcome, while good printing carries with it a desirable suggestion of quality.

We produce only Quality Printing. Whether you want an inexpensive handbill or a letterhead in colors, if you order it from us you will be sure of getting good work. We have the equipment and the "know how" that enables us to get out really good printing—printing that impresses people with the good taste of its users. That is the only kind of printing that

FRANKFORT

The relatives of Mr. and Mrs. Geo. Schroeder Jr., were pleasantly surprised last Saturday night in honor of their 10th wedding anniversary. The Frankfort Hall was secured for the occasion and about sixty guests were present.

Bunco was played at 10 tables, the prize winners being Mrs. Pleasant Parks, Fred Klatt of Joliet, and Mr. and Mrs. Alfred Kempe.

For those who did not care for bunco their was dancing. Later in the evening a mock wedding took place putting the honored couple the form.

Refreshments were served and many useful and beautiful gifts were received by Mr. and Mrs. Schroeder.

The Pinocle party given by the Alumnae Friday night was well attended. Prizes were awarded to Mrs. Herb. Nieland, Mrs. Harold Folkers, Mrs. Eloise Kohlhaugen, Herb. Kohlhaugen, Clark Bennett and August Baumann. 15 tables played and refreshments were served.

Mrs. Otto Hershbach and Mrs. Frank Logan each underwent an operation in Wesley hospital at Chicago on Wednesday.

The monthly Kaffee Kranz given by the Ladies Aid of St. Peters church was held Thursday. At the supper, \$59 was taken in and a program given after supper.

English services will be held at St. Peters church Sunday morning. The male choir will offer special music.

Mrs. Arthur Bauman will entertain the Pinocle club next Sunday.

A number of friends surprised Mrs. W. V. Hedges Wednesday evening in honor of her birthday. Pinocle was the diversion of the evening after which refreshments were served.

A confette dance will be given Saturday night at the hall by the besedall team.

WHY BANKS?

LESSON IV

By J. H. PUELICHER, Chairman,

Committee on Public Education, American Bankers Association.

Formerly the saver paid to have his money kept in a safe place. Today he is paid interest by banks which keep his savings safe. Is this interest on money, saved and deposited in the bank, the only gain to the depositor from saving?

J. H. Puelicher

MONEY SAVED AND DEPOSITED IN BANK = funds for the banker to loan out on farm mortgages, land bank or other farm bonds; railroad, municipal or government bonds; or notes of farmers, merchants and manufacturers. Therefore

SAVING = assisting the farmer to raise crops; the railroads to run trains; the town, city, state or nation to build schools for the children of the depositor and his fellow citizens; or construct water works or other public enterprises.

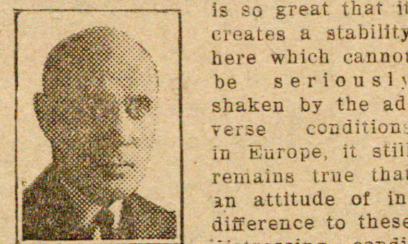

Saving also equals helping the butcher, baker and grocer to do business so that food is brought within reach of the home; and the manufacturer to make shoes, clothing and the many things people need to live.

Every saver, therefore, is not only putting away money against a rainy day and earning interest on it meanwhile, but he is also making it possible for himself and others to have the luxuries, comforts and necessities of life,—to enjoy all the advantages of a greater and better civilization. Thus through banks every saver gains a great deal more than merely interest on his money.

AMERICA NOT INDIFFERENT

By FRANCIS H. SISSON, Chairman, Public Relations Commission, American Bankers Association.

While the facts justify the belief that the financial and general economic strength of the United States

Francis H. Sisson

is so great that it creates a stability here which cannot be seriously shaken by the adverse condition in Europe, it still remains true that an attitude of indifference to these distressing conditions is unworthy of the American people.

In fact, I believe that such indifference does not exist. The nation is observing with deep interest the progress of events abroad and has given many evidences of a readiness to aid in restoring normal conditions there whenever it is seen that a suitable opportunity is afforded.

Our people have naturally been reluctant to act while the European nations still fail to display the will to accept the only terms on which rehabilitation is possible, and to abandon their mutual hatreds and distrusts, their persistence in preparation for further warfare, and their destructive political and financial policies. Such policies have so weakened the credit of some of the continental nations that the task of aiding them seems futile until it is clear that these policies are discredited and disowned by them.

Although it seems clear from the record of recent years that America, more perhaps than any other country, has been and will continue to be able to adjust itself without serious disaster to the conditions created by European depression, and has in its own vast domestic market and in other non-European markets an outlet for its products adequate to maintain a fair degree of national prosperity, the fact remains that it is very definitely to the selfish interests of the United States to have Great Britain and the European continental countries regain their normal prosperity at the earliest possible date.

They normally absorbed between 60 and 70 per cent of American exports, but recently have been taking less than 50 per cent.

Moreover, the rich contribution which Europe has made in the past to the upbuilding of other parts of the world, including the United States, would seem to create a genuine obligation upon other countries to come to its aid in the present period of difficulty. General well-being throughout the entire world will be diminished to a degree as long as Europe is unable to play its part in production and consumption of valuable products. It possesses vast resources of skill and equipment for the production of useful commodities in demand by all nations, and loss continues while these resources are limited in their use by poverty and by adverse political and social conditions.

That the share of the United States in this loss is relatively small should not preclude an active interest in every promising effort that may be made to restore the European nations to economic and financial health.

For Community Betterment

The Committee on Agriculture of the Missouri State Bankers Association has sent out a questionnaire to all members to secure a frank opinion as to what are the most important community problems to be solved in the state. The questionnaire covers bank deposits, crops, schools manufacturing roads, junior club work, agricultural agencies co-operative agencies, farm abandonment, land values, finances, dairying, and social life, with a view in determining what work should be undertaken for the year.

STRAIGHT TALKS WITH AUNT EMMY

ON HOW NOT TO GET RICH

"Oh, Aunt Emmy," cried Helen, rushing in and kissing Aunt Emmy, "I've got a wonderful chance to get rich. The nicest man told me about a patent bee-hive that will double my money in a year! With it bees will make two or three times as much money. If I buy it right away I can make ever so much money, for the stock is selling at fifty cents and it's going to par soon, whatever that is, so I'll have oodles of money. Oh, Aunt, won't it be lovely? You and I can go to Europe and—"

"Hold on a minute, Helen," begged Aunt Emmy, "would you really let this man have your money for a fool thing like that?"

"Why, Aunt, I'm sure it is all right! He gave me the loveliest booklet—I brought it along. You are so suspicious, Aunt," she reproached. "Suspicious, am I! That \$5,000 is the only money you ever had or ever expect to have except what you earn as a teacher. You can't afford to throw it away. Sit right down and write to your bank for information about that bee-hive. Tell them you are thinking of investing your \$5,000, and send them the booklet."

"But, Aunt, that would take several days, and the man said not to wait," Helen protested.

"If people would wait a while before investing, there would be far less failures in the world. You will hear from the bank soon enough. Promise."

"I suppose I'll have to," agreed Helen, crestfallen, "but I'm sure the old bank doesn't want to be bothered with poor little me."

When Helen came to see Aunt Emmy again she looked serious. Aunt Emmy guessed that her get-rich-quick bubble had burst.

"Look, Aunt," she said, handing over a letter from the bank that gave a report on the patent bee-hive. The letter said that the man engaged in the enterprise were not trustworthy. It invited Helen to consult with the bank about her investment.

"You were right, Aunt," said Helen. "I saw Mr. Hitchcock there. He told me a lot about investments and suggested some safe ones. I never understood the bank's value before. If it had not been for you and the bank I should not have a cent today. I'll never do a thing with money unless I ask the bank first. I felt I was with friends, Aunt."

"You were, my dear," said Aunt Emmy, smiling.—ANNE B. AYMES.

A Chance to Shine

THE young man of today need not leave the farm for a career. True, present conditions are not conducive to large financial returns, but these conditions will undoubtedly change. Those who are in position to know think that we have reached the low ebb and now farm products are on the upgrade.

We have only begun to solve our agricultural problems. There is a large unexplored field ahead of us. The young man with brains and a sympathetic heart can find ample opportunities for making a name for himself on the farm.

In addressing a national group of young people recently, President Head of the American Bankers Association, said he believes the opportunities for making a name as a leader in agriculture are greater than making a name in the position of a Congressman. He thinks the day is coming when a man shall take pride in saying, "I am an American farmer."

Any young man who has a liking for things rural can well afford to consider preparing himself to become a good farmer, for after he has made a success of his farm, he will find abundant opportunity for leadership in his community.—Banker-Farmer.

MOKENA

IMMANUEL LUTH. CHURCH

Yes, we still teach and preach the old Biblical truths. Nothing new here. The old Gospel, that Moses, David, Isaiah, Christ, Peter, Paul, Luther and others preached is still proclaimed here. We do not care or ask what men like Grant, Fosllick, Soederblom, Cadman, Jefferson, Lynch, Mathews and Case have to offer, we confess with all true disciples: "OF A TRUTH, JESUS THOU ART THE SON OF GOD."

This will be the theme at our German services, Feb. 3 at 10:30 a. m. From Mat. 14, 22-33 we know Jesus is our omniscient, our omnipotent, our omnipotent God and our merciful Savior.

MOKENA M. E. CHURCH WAR OR PEACE?

During all past history nations have prepared for war and have waged wars. Many distinguished men are now saying that this age-old war system is no longer possible; that we must either establish a warless world or we shall have a world destroyed by war. The question before the world at this time

is: "Is this a real alternative?"

At the Mokena M. E. church Sunday evening at 7:30 the pastor Modern Necessity for a Warless World will speak on this subject: "The World and the Present Outlook toward its Establishment."

The question of war or peace is now very largely the church's business. All are invited to attend this meeting.

Clouds

The sky was never empty and never was idle; the clouds were continuously at play for our benefit. Over against us, from our station on the hills, we saw them piled and dissolved, condensed and shifted, blotting the blue with sullen rain-spots stretching, breeze-fretted, into dappled fields of gray, bursting into an explosion of light or melting into a drizzle of silver.—Henry James.

Sinews of Our Service

THROUGH winter's raging storms the electric transmission lines of this Company must be maintained in working order.

At such times construction crews and linemen are on the job continuously, battling the elements to keep the lines open and service to customers uninterrupted.

Mrs. Grancel Fitz, young and attractive, of Philadelphia, Pa., has discovered that she is of some monetary value. She and her husband went hunting and by mistake entered the Pennypack park, where hunters are forbidden. They were arrested and at the guard house were fined \$15. Mr. Fitz had little money with him, so, leaving his wife as security, he went off to get enough to pay the fine. Oh, yes, Mr. Fitz reclaimed his pledge.

Turkey Sent to Mrs. Harding

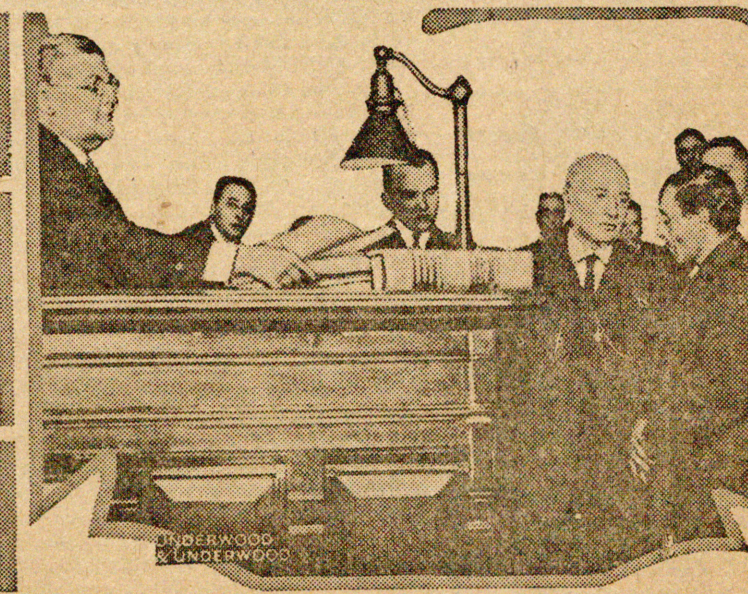

Since 1920 the Harding Girls' Club of Chicago has each year furnished the Thanksgiving turkey for the Harding table and the chief Thanksgiving delight of the late president was the amusement which he derived from the manner in which the girls transported his turkey from Chicago to him. This year they sent "John Gobbler"—here seen with Miss Esther Wilton—in a special pullman compartment by the Erie railway to Mrs. Harding at Marion, Ohio.

True Wisdom.

Wisdom consisteth not in knowing many things, nor even in knowing them thoroughly; but in choosing and in following what conduces the most certainly to our lasting happiness and true glory.—Londor

He had studied all the modern fads, and was rather amused at the latest theory about kissing. Doctors said it was most unhygienic and dangerous. Finding himself alone with a rather silent young man, she mistook his silence for shyness. "Do you think kissing dangerous?" she asked. "Terribly," he answered. "Why? Whatever can produce?" "Marriage," he snapped.

Forecasting A Tremendous
Spring Demand

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.
